

# Emergency Call Systems for Universal & Barrier Free Restrooms

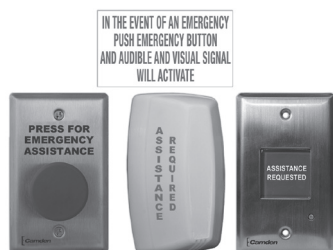

## CX-WEC Series

**CAMDEN DOOR CONTROLS CX-WEC SERIES** emergency call systems provide a complete equipment package for compliance with building code requirements. They are designed for universal restrooms with or without low energy door operators. The kits include activation switch, audible and visual annunciation and signage.

- Complete equipment packages specifically designed to meet the requirements of Ontario Reg. 368/13 amendment to 2012 OBC, for barrier free & universal restrooms.
- Designed for universal restrooms with or without low energy door operators
- For use with Camden CX-WC Series barrier free restroom control kits
- Audible and visual annunciation within restroom designed to initiate and confirm a request for assistance. Annunciation is activated until mushroom button is pulled 'off'
- Audible and visual annunciation outside restroom of an emergency condition
- 3 Year warranty

## CX-WEC SERIES: 'UNIVERSAL' RESTROOM CONTROL KITS

Camden Door Control CX-WEC Series are equipment packages designed to meet the latest building code requirements for universal restrooms. The kits include a maintained push/pull mushroom button, that activates/deactivates a call for emergency assistance. Audible and visual annunciation of the request is provided inside the restroom by the LED annunciator with sounder, and outside the restroom by the CM-AF140SO single gang dome light with sounder. The equipment package also includes a CM-SE21A 'IN THE EVENT OF AN EMERGENCY' sign, with 1" (25mm) lettering, as required by code.
